The ball is in fair territory, outside the batter's box, when B3 unintentionally kicks the ball. The ball rolls away from the catcher, who might have had a play on R1 at second. - a. The ball is dead as soon as the loose bat makes contact with the second baseman. B2 is out for interference, and R1 is returned to first base.
- b. B2 is out for interference and warned that if this unsportsmanlike act is repeated, he will be ejected.
- c. Because F4 was able to turn the double play, the bat obviously didn't interfere, so the actions of the batter losing control of the bat are ignored.
- d. As long as the umpire believes the actions of B2 are unintentional, there is no interference.

Q-36 R1, one out. There is a 3-2 count on B3. The next pitch is high and inside, the batter swings for strike three. However, the catcher misses the pitch and it lodges in the plate umpire's mask.

Q-39 R1, R2, no outs. The pitcher balks. The umpires correctly call the balk. The batter swings and hits a pop-up behind second base. Both infielders are under the ball and should make an easy catch. The umpires correctly call and signal "infield fly." However, both infielders think the other is going to catch the ball and it drops to the ground. All runners, including the B/R, advance one base.

- a. The umpires should have called "time" as soon as they called the infield fly since the batter would be out whether the ball is caught or not. With the batter being called out before reaching first, the balk penalty is enforced. Award R2 third and R1 second, Return the batter to the plate to hit again with the previous count.
- b. The play stands as all runners, including the B/R, have advanced at least one base.
- c. The infield fly rule shall be applied and the batter called out. Swinging at the pitch nullifies the penalty of a balk. The runners stay at second and third since the ball was not caught.

- a. Call and signal, "That is nothing." The runner has a right to the base path, and a fielder has a right to the ball. This would be considered "unavoidable contact." Let the play stand.
- b. The ball is dead immediately, and R2 is declared out for interference. Leave the batter-runner at first, R1 is advanced to second; R3 returns to third.
- c. The ball is dead immediately, and R2 is declared out for interference. Because a double play was possible, call out R2 and the BR. No runs score.
- d. The ball is dead immediately. Call obstruction on F6. Award R2 at least third and place the other runners where they would have been had there been no obstruction.

Q-42 R1, R3 and one out. Ground ball hit back to the pitcher who throws to F2 and gets R3 in a rundown between home and third. During the rundown, R1 advances all the way to third and the BR advances to and is touching second. During the last part of the rundown, R3 is returning toward third base. - b. Award the runner home because of the catcher's unsportsmanlike actions, eject the catcher and suspend him for an additional game.
- c. The out stands. The catcher is ejected for his unsportsmanlike act of taunting the runner and is suspended for an additional game.
- d. This is just normal enthusiasm on the part of the catcher. The plate umpire should make sure the situation doesn't escalate, but no one should be ejected.

Q-48 R2, no outs. The batter bunts the ball down the third base line. F1 and F5 hover over the ball (hoping it will go foul). The ball stays fair, hits third base and then hits R2 who has advanced to and is standing on third base.

He then returns safely to third base. At the time of the contact, the BR had not touched second base.

- a. Immediately point and call "that's interference," and call out R2. The ball remains alive, and the BR remains at second.
- b. The ball is dead immediately, and R3 is declared out. The BR is allowed to remain at second base.
- c. The ball is dead immediately, and R3 is declared out. The BR is returned to first base.
- d. None of the above.
- e. B AND C

Q-51 R2, R3, no outs. B3 bunts the ball in the air along the first-base line with the runners moving on contact. As the first baseman moves in to make the catch, he collides with B3, who was not trying to interfere.

- a. No interference. The batter did not intentionally interfere. This is an example of the "scramble/unscramble" play.
- b. Dead ball, interference on B3. Since the interference was not intentional, only B3 is called out. All other runners return to their "time-of-pitch" bases.

- d. The order of the appeals make no difference in this play. No runs will score.

Q-54 R3 and R2, one out. B4 doubles. R3 and R2 score but R2 misses third and B4 misses first base. After all playing action has been completed, the defense properly appeals that R2 missed third and then follows up with an appeal that B4 missed first base.
